The Sunday mornings shown above are all suitable for little ones, whether they are all-age services or separate STEPS sessions. Parents normally stay with pre-school children but older ones can come along on their own if they are OK with that.

STEPS sessions

We begin upstairs with the older children at 10.30am for a bit of breakfast before moving next door into the crèche. In STEPS, we sing and pray together, share in a story and then enjoy making something to take home. There's a chance for the grown-ups to reflect on the story as well.

We sing a blessing before we join everyone downstairs for the last part of the service. On the third Sunday, we share in communion when we go downstairs. In the Methodist church, the practice is that children of any age can receive the bread and wine.
